ACCESS

Season Members receive absolute priority for admission or any ballot allocation if capacity is reduced.

SAVE YOUR SEAT

Being a member this year means you get the first chance to reserve your seat for 2021/22 season and any knockout games.

SAFE

Rodney Parade has been certified a Covid-19 compliant stadium and we will continue to ensure that the highest standards are met and all current guidelines are fully implemented to ensure player, supporter and staff safety.

COVID-19 GUIDANCE

The club awaits further public health guidance on when national restrictions relating to attending live sports events might be lifted. Uncertainty remains, but if full or part restrictions are in place for the new campaign, the following policy will apply:

- If Stadium capacity is reduced to enable social distancing measures, priority will be given to supporters who were first to purchase their 2020-21 membership (e.g. if an attendance of 2,000 is permitted, the first 2,000 supporters to have purchased membership will be invited to attend. Please note this figure is for illustrative purposes only).

- There are no guarantees that season members will be able to sit in their chosen seats, but by best endeavour Dragons will aim to sit households close together. Your renewed seat will be available to purchase again first for season 2021/22.
